Imagine Sedona – 2020 and Beyond – Sedona's *new* Community Plan

The Citizens Steering Committee for the Community Plan is hosting another innovative program on Thursday, June 30 at 6:30 p.m. at West Sedona School in the multi-purpose room.

This program will build on the energy from the May community events and provide residents an opportunity to be heard in a meaningful way. The public will join in a lively and uniquely orchestrated exchange of ideas for Sedona's future. You will witness how everyone's ideas will be recorded and organized and how they will be published to the community at large. You will also hear from fellow citizens at our May meetings who provided thoughtful comments and their dreams of how we can have a brighter future through planning.

An important goal in creating the new Community Plan is to make it easy to read and use and one that sets the stage for all land uses, recreational and business uses, redevelopment, new development, preservation of open space and traffic improvements. During this phase of the two-year planning process, it is essential that all perspectives be heard – the youth in our community, business owners and employees, retirees, homeowners, renters, artists, and the spiritual and faith-based communities. This meeting focuses on capturing ideas from all points of view. By doing so, we will begin the process of defining a vision based on the values we hold in common.

Cities and Towns in Arizona are required by state law to have a general plan and to update it at least every ten years. The Sedona Community Plan is our general plan and guides city decisions on future growth and development in the community. Taking a fresh look at the Plan allows us to respond to conditions and priorities that may have changed in the last ten years.

Please join us on Thursday, June 30 at 6:30 p.m. at the West Sedona School, Multi-Purpose/Cafeteria Room (building 100) to “Imagine Sedona – 2020 and beyond”!
